SUMMARY

Second-year B.E. Electronics and Communication Engineering student at Sri Eshwar College of Engineering with project experience across analog circuit design, transistor-level circuits, op-amp design, Colpitts and Hartley oscillators, PCB design, embedded-oriented prototypes and software development. Combines electronics fundamentals with programming, collaborative project development, hackathon participation, technical pitching and campus leadership. Interested in core electronics, analog IC/VLSI, embedded systems and software-integrated engineering roles.

EDUCATION

B.E. Electronics and Communication Engineering, Sri Eshwar College of Engineering | 2025–2029 expected | CGPA 8.02/10 through Semester 2

HSC, Bharathiya Vidya Bhavan, Coimbatore | 2024–2025 | 77.1%

SSLC, Bharathiya Vidya Bhavan, Coimbatore | 2022–2023 | 84.6%

SKILLS

Analog & Electronics: transistor-level circuits, op-amp design, Colpitts and Hartley oscillators, analog electronics, circuit theory, semiconductor devices, digital electronics.

EDA & Hardware: LTspice, NI Multisim, KiCad, PCB design.

HDL: Verilog, SystemVerilog.

Programming & Data: C, C++, Python, Java, SQL.

Web & Software: HTML, CSS, JavaScript, TypeScript, React, Express, PostgreSQL, SQLite, Prisma, Supabase.

Tools & Platforms: Git, GitHub, Linux, Windows.

SELECTED PROJECTS

- **Automatic Light Controller** — Designed and simulated an op-amp-based light controller in NI Multisim using a light-sensor input and reference-voltage threshold.
- **Interactive Sound-Generating STEM Toy** — Designed a custom KiCad PCB for a touchactivated sound-generation circuit.
- **AI Commerce Recommender** — PYHACKFEST 2026 Second Place. Backend development and pitching for a five-hour team prototype using Python, Flask, SQLite, scikit-learn, Pandas, NumPy, Bootstrap and SMTP; collaborative/content-based recommendations, email verification and order confirmation.
- **BLE Smart Room Tracking** — Project prototype with React, TypeScript, Express, PostgreSQL and Prisma.
- **AnonSphere** — Team Lead; built multi-organization anonymous posting/voting with verified email-domain onboarding, abuse detection and admin moderation.
- **BISHOP** — Location-based food shop discovery and management platform with digital menus, item availability, pre-orders and shopkeeper dashboard.
- **FixTour AI** — In development; AI travel planning and booking platform using React/Vite/TypeScript, Supabase, Edge Functions and Gemini integrations.
- **SkillMatch AI** — In development; student internship-matching platform ranking fit from skills, resume, projects, GitHub, portfolio and interests.

LEADERSHIP & RECOGNITION

- **HYRUP Campus Lead Intern / Student Ambassador** — June–September 2026.
- **Google Gemini Student Ambassador** — Semester 2.
- **Tata Imagination Challenge Campus Ambassador** — 2026; contributed to campus outreach associated with approximately 300 registrations.
- **Assistant School Pupil Leader, Bharathiya Vidya Bhavan** — 2022–2023.
- **Toastmasters** — Toastmaster of the Day, 191st meeting; Best Role Player recognition.
- **PYHACKFEST 2026** — Second Place, AI Commerce Recommender team.
- **First Prize** — Canva competition, Sri Eshwar College of Engineering.
- **NPTEL The Joy of Computing using Python** — 94%; Top 5% among 21,919 candidates.

SELECTED CERTIFICATIONS

- **The Joy of Computing using Python** — NPTEL / IIT Madras.
- **C Programming Training** — IIT Bombay Spoken Tutorial.
- **C Programming 101 and C Programming Course** — Infosys Springboard.
- **Java Programming Course for Beginners** — ScholarHat.
- **8085 Microprocessor Foundation; ARM Foundation; Embedded Software Foundation (Controllers and GPIO)** — ETALVIS.
- **C Programming Course Project: Employee Management System** — Infosys Springboard.
